

Message from the Managing Director

Dear Friends, Partners, and Supporters,

As we approach 2025, I'd like to convey my deepest appreciation to everyone who has helped the Ilula Orphan Program (IOP) in its mission to empower Tanzania's Most Vulnerable Children and uplift their communities. Your passion and generosity continue to change people's lives and create possibilities for a better future.

This year, IOP remains committed to increasing access to high-quality education, strengthening healthcare services, and fostering socioeconomic empowerment for underprivileged communities. With your ongoing support, we hope to improve our sustainability projects, strengthen relationships, and assist more needy people.

Together, we can create a society in which every child has a chance to thrive and every community can achieve self-sufficiency. I welcome you to join us on this journey of impact and hope.

Thank you for being part of the IOP family.

Best regards,

Edson Msigwa

Managing Director, Ilula Orphan Program
